

## Notice - more chapters will take a couple months

I hope you're enjoying the new project, but be warned: we're scanning this by volumes and this chapter is the last one of the first and only volume published so far. Volume 02 will be out only in July, so new scans will have to wait at least until then. (After all, who knows whether we'll even exist in July?)

HE IS  
WHAT

A SAMU-

THAT'S WHY,  
HE DOESN'T  
HAVE A NAME  
OR A FAMILY.

HE DOESN'T  
EVEN HAVE  
AN AGE.

HE DOESN'T  
HAVE ONE!

AND  
THAT'S WHY  
HE DOESN'T  
HAVE A FACE,  
EITHER!

I'M GONNA  
KILL SOME  
MORE!

IF YOU DIS-

## No longer "almost there"... we need editors!

One of our translators finished his first assignment and decided to take up **Shounen Y**. We're going to relaunch this series from the first chapter, so we need motivated people to complete the team: a proofreader, a typesetter and a redrawer. The translator isn't incredibly fast, and the series is finished in Japan, so we'll do it at a laid-back pace (something like a chapter a month, unless he speeds up in producing scripts). We also need you to be willing to do the first three chapters even though a speedscanner has already done them (no redrawing, no proofreading, sketchy translation).

We also need typesetters for **Nanba McG** and **Impossibility Defence**.

Our typesetting test is at: <https://goo.gl/4wv7KcU>

The redrawing test is at <https://goo.gl/gfms0c>. (You don't need to do the pages marked DIFFICULT. **Shounen Y** is a little too hard for the general test, but not so hard that you need to do our full test in its entirety.)

For proofreading, please register in our forums at [deathtailscaans.net](http://deathtailscaans.net) and send me (Wrath) a PM. I'll put you in contact with the Head Proofreader, PervySageChuck, who will test your skills with a real script.

We are also inviting translators for **Psychic Otagiri Kyousuke's Lies**. Our test is at <https://imgur.com/THU5uuk/jpg>.

For all positions except translation, applicants should bundle their tests in a compressed file (ZIP, RAR, 7Z, whatever), upload it to a cloud service and and either post the link in our home page (<http://bit.ly/2iC4o2X>) or send it to me as a PM (Wrath at [deathtailscaans.net](http://deathtailscaans.net)). We expect them to be able to do a chapter in a week (It doesn't necessarily mean you'll be required to do so - it will depend on the project, though we expect proofreaders to be faster than the other team members). We've had compatibility issues with GIMP files before, so we require applicants to use Photoshop. For translators, just send me the link to the script, no need to compress it.

People with experience who want to bypass the test on account of having samples of past work will have the test replaced by an actual chapter of the series they want to work on. This still means it is a test: if you fail, the chapter edited by you won't be used. It's high risk (having an entire chapter discarded because you didn't pass), high gain (working on something that will actually be used instead of a test). People without experience can't take that route, at least in principle. (If you contact me and I am in a good mood, I may let you have a try at your own risk, but don't count on it.)

Prospective translators are advised to cultivate patience in the beginning. New projects in a small group like ours begin without a full edition staff. If you join, you'll be asked to produce at most a couple of scripts to produce bare chapters to fish for editors. Releases may take a while to become regular as we assemble a dedicated team.
